THE SILVER BILL DISCUSSED

Armenian Resolutions Reported by the Foreign Relations Committee.

WASHINGTON, January 22.—Mr. Sherman, Republican of Ohio, reported adversely from the foreign relations committee a resolution of Mr. Call, Democrat of Florida, directing the secretary of state to send to the senate the dispatches of United States consuls in Cuba. The resolution was about to be indefinitely postponed, but at Mr. Call's request it was placed on the calendar.

Mr. Cullom, Republican of Illinois, reported from the senate committee on foreign relations the following Armenian resolution:

Resolved, By the senate of the United States, the house of representatives concurring, that it is an imperative duty in the interests of humanity to express the earnest hope that the European concert brought about by treaty may be speedily given its just effects in such decisive measures as shall stay the hand of fanaticism and lawless violence and as shall secure to the unoffending Christians of the Turkish empire all the rights belonging to them both as men and Christians, and as beneficiaries of the explicit provisions of the treaty.

Resolved, That the President be requested to communicate these resolutions to the government of Great Britain, Germany, Austria, France, Italy and Russia.

Resolved, Further, that the senate of the United States, the house of representatives concurring, will support the President in the vigorous action he may take for the protection and security of American citizens in Turkey, and to obtain redress for injuries committed on the persons or property of such citizens.

Mr. Cullom said the resolution was reported by the unanimous vote of the committee, as it desired immediate action.

Mr. Gray, Democrat of Delaware, said he did not anticipate any objection to the resolution, but it was of such importance that there should be time for consideration of the terms of the resolutions.

Mr. Cullom acceded to this suggestion, giving notice that he would ask for action tomorrow.

Mr. Pugh's resolution for silver payments of government bonds came up under the rule.

Mr. Hill responded that he would never consent to let the measure be retired except by vote. He yielded, however, to Mr. Wolcott, saying that he would press it to a passage at every possible opportunity.

Mr. Wolcott was recognized for his speech on the Monroe doctrine.

The Senator spoke earnestly and was accorded close attention.

The first interruption came when Mr. Wolcott contrasted the condition of affairs in the past with those of today, adding:

"We do not desire to acquire an additional acre of land, either north or south of us."

Here Mr. Mitchell of Oregon asked what the United States would do in case Great Britain sought to control the Nicaragua canal. Would there be a protest in the name of the Monroe doctrine?

Mr. Wolcott replied: "We certainly would interfere in the case presented. We would interfere to any extent, not in the slightest because of the Monroe doctrine, but because of the undoubted and indisputable right we have to protect our interest, wherever anybody asserts to the contrary, in any portion of the earth." [Applause in the galleries.]

Again, when Mr. Wolcott spoke of our threatened war with Chile, only a few years ago, Mr. Hoar remarked: "Yes, they showed their friendship for us by killing a few American sailors."

Mr. Pugh succeeded in having his resolution taken up and Mr. Hill offered an amendment providing that if for any reason silver coin shall not be at a parity with gold coin, the United States bonds now payable in coin shall be paid in standard gold coin whenever demanded.

Mr. Hill spoke briefly against the resolution.

Mr. Teller, Republican of Colorado, followed on the financial situation.

At 2 o'clock the Pugh resolution was displaced, and the bond silver bill was taken up, Mr. Teller continuing his remarks.

Mr. Teller arraigned the policy of issuing bonds, with a view, he said, to building up a permanent bonded debt to be borne by posterity.

Mr. Sherman arose as soon as Mr. Teller closed. The silver discussion, said Mr. Sherman, was purely a moot discussion. No doubt there was a silver majority in the senate. But the country had settled down to the idea that free silver coinage would bring us to a single standard of silver, and was undesirable. State after state had taken this position. The use of both metals, the bimetallic system, was being accepted as the best.

Under the circumstances, continued Mr. Sherman, the thrusting of this worn-out old question, which could not hope to succeed in the present emergency of the treasury, was idle. It was absolutely certain that this silver bill, if passed, would be rejected by the house. Why thus obstruct the relief imperatively needed by the government? The deficiency had caused the trouble, and the house had offered an emergency tariff bill to overcome that deficiency. Such relief should not be delayed and obstructed by thrashing out an old, worn-out subject.

Mr. Teller asked if Mr. Sherman thought the bond bill would afford relief.

Mr. Sherman answered that he did. The government has suffered heavy losses from selling 4-per cent bonds and this afforded an opportunity for 3-per cent bonds.

Mr. Teller asked how long it was intended to keep up the sale of bond.

Mr. Sherman—As long as it is necessary to meet the government's needs caused by the course of this administration.

"In the meantime," continued Mr. Sherman, "the Republican party stands here ready to do its duty to pay the public debt, to overcome the deficiency, to raise sufficient revenues."

Mr. Teller referred to the selling of bonds for the purpose of securing gold.

"If there has been no deficiency there would have been no loss of gold," said Mr. Sherman. "The gold had remained in the treasury for years, but as soon as there was a deficiency the gold began to go because the gold was used to pay current expenses. This administration had caused a fright about gold losses. The banks—to their discredit—joined in the fright. Banks, seeing the government using gold, had adopted the same course. Instead of maintaining their bank reserve in notes, they drew gold from their reserve."

In conclusion Mr. Sherman said: "As far as my voice can go I want it understood that this delay arises out of a discussion of a worn out issue—the free coinage of silver—while we should be turning our attention to the practical remedies before us."

Mr. Teller responded with spirit. The Senator (Sherman) and his associates on the Republican side, he said, offered no monetary system. They stood practically with the President. The Senator from Ohio could not get up and lecture him as to urging a measure that could not become a law. This bond bill could not become a law. If there was to be "play of politics" it would affect bond bills as well as silver.

Mr. Gorman, Democrat of Maryland, answered Mr. Sherman's statements concerning the treasury administration. He declared that the course of the treasury now was the same as that under Secretary Foster and as far back as the administration of Secretary Sherman. The Democratic congress had enacted a revenue law which would have afforded ample revenue, but the income tax had been wiped out by the decision of the supreme court of the United States. It was an unforseen event. The question now was not one of party politics. The senate could not determine the elements in this great financial subject. It was too great, too serious a question that senators should stand here bandying charges as to which party is responsible for the present condition.

Mr. Aldrich and Mr. Lindsay joined issue as to the political responsibility for the deficiency.

At 5.28 p. m. the senate adjourned until tomorrow.

HOUSE.

WASHINGTON, January 22.—In the absence of any regular business in the house today the session was devoted to the consideration of minor matters and legislation by unanimous consent.

The major portion of the day was consumed in the discussion of the senate resolution appropriating $20,000 for architect aid in the preparation of plans for the Chicago public building. The house adopted the report of the elections committee in favor of Harry Minor of New York in a contest brought for his seat by Timothy J. Campbell.

Going to Feed the Hungry.

NEW YORK, January 22.—Miss Clara Barton and her staff, members of the National Red Cross Society, sailed today on the steamship New York. Those who accompanied her were Dr. J. J. Hubbell, field agent; Miss Lucy Greaves, stenographer and typewriter; Ernest Mason, interpreter and linguist, and George H. Pullman, secretary to Miss Barton. In a brief discussion of her plans, Miss Barton said: "We expect to reach Constantinople within three weeks. This will allow delay and transfer in London, Paris and Geneva. I have no definite plans as yet, but shall mature plans when I reach the field of operation. I was asked to do the work because they could not get any one else.

CONFIDENT OF VICTORY

GENERAL PANDO BELIEVES WEYLER WILL BE SUCCESSFUL.

Gomez Said to be Suffering From Illness—Village of Nacaresto Burned.

HAVANA, January 22.—General Luis Pando, who arrived here yesterday, said that he had come to Havana in obedience to the orders of his superiors, to act as coadjutor to General Marin in the temporary command of Cuba when General Andelle will be succeeded by General Valdez.

General Pando spoke in the highest terms of the bravery and courage of the Spanish troops in his command. He says that the raw young soldiers endured hunger and thirst, sickness and fatigue without complaint, and that no troops in the world could have behaved better or accomplished more under the circumstances.

Concerning the advance of the insurgent army under Jose Maceo and Rabi, Pando says that this force was trying to convoy westward a considerable quantity of arms, ammunition and other supplies intended for the insurgents in this province and Pinar del Rio. But, the general added, Maceo and Rabi have been engaged seven times with the Spaniards since they entered the province of Santa Clara, and a considerable portion of the war material has been either captured or lost en route. The Spanish troops are being massed across the line of march which the second army of the insurgents is expected to follow, and General Pando anticipates that they will be able to prevent a junction with the insurgents under General Gomez.

Jose Maceo, who was severely wounded some time ago, is said to have almost recovered his health and to be able to ride his horse daily on the march.

General Pando refused to discuss the plans likely to be adopted by the Spanish commanders in the future for the suppression of the insurrection; but there was no doubting from his manner that he is confident of the success of the Spanish army when operations are resumed against the insurgents under the direction of General Weylor.

It is reported here today that Gomez is suffering from an attack of illness.

The columns of General Cornell and Colonel Maceo are at Jamaica in Havana province, combining in a movement in pursuit of Gomez. Meantime General Aldecoa and General Linares have stationed themselves at strtegic points and the Spanish authorities once more indulge their hope that they will bring Gomez to fight a pitched battle or drive him into a corner.

The insurgents have burned the village of Nacareto near Placetas.

It is reported that insurgent leaders Vega and Varona have surrendered to the authorities in Manzanillo.

Drowned in a Canal.

PHOENIX, Ariz., January 22.—The body of Charles Stahl, a cook, was found this morning jammed in a lateral gate of the Valley canal below the city. The coroner's inquest found that the man was intoxicated last night and mistaking a strange yard for his own, had been chased by a watch dog into the canal, where the swift current bore him away. Cries were heard, but nothing more was known until the body was found a mile and a half down the stream.

Reserve Fund.

WASHINGTON, January 22. — The treasury lost $142,000 in gold today and $30,000 in bars, which leaves the reserve at the close of business $50,693,487.

HELP FOR HAMMOND

Urgent Requests for Immediate Aid.

WRONGFULLY CONFINED IN JAIL

Bail is Refused by the Transvaal Government—May be Made to Suffer for Others.

SAN FRANCISCO, January 22.—John Hays Hammond, the American mining engineer, is evidently in serious danger in the Transvaal. Urgent cablegrams were received here tonight by Henry Croswell, city and county auditor, M. F. Tarpey, a prominent Democratic politician, and a third came to Colonel H. I. Thornton, but as the latter is dead it was opened by his nephew, Mr. Creswell.

The cablegrams are dated Newcastle, Natal, January 22d. As Newcastle is a long distance from the Transvaal, it is thought they were smuggled through, and therefore better represent the situation than any previously received here. The messages are all signed by J. J. Curtis, who is a son of George T. Curtis, a grandson of Joseph Storey, once justice of the supreme court of the United States, and a nephew of W. W. Storey, the sculptor. The message addressed to Creswell is as follows:

"Exert your influence to help Hammond. He is confined with sixty of us in the Pretoria jail. He has been taken as one of the ringleaders, and unless some radical measures are taken by our government he will be made to suffer for the sins of others, for which he is in no way responsible."

The message addressed to Colonel Thornton says: I earnestly beg you to use your influence to protest Hammond from the consequence of a mistake which has been made by others in this unfortunate business. He is not guilty, and has been wrongfully confined in jail for the past ten days, and the Transvaal government refuses to admit him to bail.

Mr. Cresswell, who has known Hammond and Curtis for twenty years, wired Senator Stewart at Washington, impressing upon him the seriousness of the situation, and urging him to do all in his power to help the imprisoned men.

HENRY HOOK DROWNED.

Body of a Well-Known Resident Identified at Oakland Morgue.

OAKLAND, January 22.—The body of a man taken from the estuary at the foot of Grove street in Oakland early today was identified at the morgue as that of Henry Hook, a recent resident of Oakland, and well-known in Contra Costa county, where he had lived from boyhood. The body had been in the water apparently for a number of days. How Hood met his death is a mystery that his relatives cannot solve. The deceased had been missing a week. The news of his disappearance was kept a secret among a few of the close friends of Hook, who had been making a quiet search for him. Their efforts, however, were entirely unsuccessful, and no trace of the missing man was found. Hook was considered wealthy.

A STUDENT IN TROUBLE.

Arrested in Kansas City for Highway Robbery.

KANSAS CITY, January 22.—Don E. Hawley of San Francisco, a young man who is a student at the Kansas City Dental college, is incarcerated in the city prison here under a charge of highway robbery. William Locke, a barber, is his alleged accomplice. They are accused of having held up Rowland Hill, a waiter at Twelfth and Washington streets, at an early hour this morning. Hawley, who is 22 years of age, was well liked by his classmates, and has heretofore borne a good reputation. The young man was completely broken down when visited at the city prison today by several students, who, when they heard of Hawley's arrest, were at first sure that some mistake had been made.

Murder in the First Degree.

SAN DIEGO, January 22.—The trial of Joe Ebanks for murder, which has been in progress for a fortnight, terminated at 7 o'clock tonight, the jury finding the defendant guilty of murder in the first degree. The crime of which Ebanks was convicted was the killing of Mrs. Leroy Stiles, who with her aged father was found shot to death in a tent in which they were living on the beach a few miles from Oceanside. The evidence against Ebanks was very strong although circumstantial. The case went to the jury late this afternoon and it took them two hours and a quarter to reach a conclusion. As the verdict is not accompanied by any recommendation it carries with it the death penalty.

Large Grain Ranch Flooded.

MARCUSE, Cal., January 22. — The levee surrounding the 2000-acre ranch of Marcuse & Son broke today and the ranch, which is planted to grain, is flooded. A levee surrounding Humphrey's ranch also broke. The water is coming in through the two breaks rapidly and by morning this town will be surrounded. Should the Sacramento river fall sufficiently within a week the water will run off and the grain will not be damaged. The water in the Feather river is falling and no danger is apprehended from that source.

Tramps Put Officers to Flight.

SAN BERNARDINO, January 22.—A gang of thirteen tramps put three Redlands officers to flight last night. The gang was camped in the Arroyo and the officers swooped down on them, intending to arrest the whole party. The hobos fell upon the representatives of the law, and after disarming them caused them to beat a hasty retreat. This morning an organized search was made, but none of the gang could be found.

The Markets.

SAN FRANCISCO, January 22.—Wheat—Strong; December, $1.16; May, $1.14½.

Barley—Strong; May, 71½c.

Corn—87½c.

Bran—$13 per ton.

The Cotillion Club.

The dance at the Hughes last night under the auspices of the Cotillion Club was well attended and was in every way a pleasant affair. The music furnished by the Justy orchestra was excellent.

DURRANT GRANTED TIME.

Bill of Exceptions on Motion for New Trial Filed.

SAN FRANCISCO, January 22.—Attorneys Dickinson and Deuprey today filed with Judge Murphy a bill of exception in support of the motion now pending before the supreme court for a new trial for Durrant, and the court granted a further stay of proceedings until February 11th.

The bill consists of 793 folios of typewritten matter, and charges Judge Murphy with committing just 232 errors of law during the progress of the celebrated case. The first of these relates to the refusal of the court to grant a change of venue. Next in order comes the manner of selecting the jury, with particular stress on the various challenges for cause made by the defense, and overruled by the court. The police are taken to task for handling the case in a slipshod manner with the sole object in view of convicting Durrant, and the court is criticised for not punishing the newspapers for contempt. Last of all it is contended that the verdict was not justified by the evidence.

JUDGE CARTER'S DECISION.

Deputies Salaries Must be Paid by the County.

VISALIA, January 22.—Judge Carter of Fresno today filed a decision in the case of Tulare county vs. Jefferds. This case was instituted in December to restrain Auditor Jefferds from drawing warrants to pay salaries of deputy officers. Judge Carter decides that officers have a right to deputies and their salaries must be paid by the county.

A cloudburst occurred in the foothills east of here Sunday. What appeared like a solid wall of water four feet high rolled down Horse Creek carrying logs, trees and fences and washed out the county bridge and a small irrigation flume lower down. No other damage is reported. The storm seems to be over. Two and five hundredths inches of rain fell making 4.8 inches for the season. Farmers are busy plowing and seeding, expecting good crops. The season is very like that of '84, when no rain fell till January 26th, when abundant rains came, making a bountiful harvest.

Field Day—Third Day.

BAKERSFIELD, January 22.—The field day trials of the third day were the most enjoyable of any in five years. The weather was perfect, the birds abundant and the dogs in fine fettle. The all ages stakes will be completed tomorrow. Friday will be ladies' day. The trials that day will be at the Stockdale ranch, the home of W. S. Tevis, who will give a barbecue and picnic dinner to all who attend. The annual election of officers was held tonight. The next trials will be held on the third Monday in January, 1897.

Frosted Oranges.

SAN BERNARDINO, January 22.—Word comes from Riverside packing houses that frosted fruit is being sent to market in Redlands and Highlands wrappers and sent east as coming from those districts.

STATE CAPITAL NEWS

A PUGILISTIC NEWSPAPER MANAGER.

Native Sons Condemn Political Branches of the Order—The Storm Broken.

SACRAMENTO, January 22.—This afternoon about 2.45 o'clock there was an encounter on Third street between Oscar Flint, the recently deposed city clerk, and V. S. McClatchy, business manager of the *Bee*.

Some days ago McClatchy had occasion to address a letter to the board of trustees relative to Flint's attitude towards a bill for city advertising presented by the *Bee*. The contents of this letter so angered Flint that he indulged repeatedly in threats against the person of Mr. McClatchy.

The men met at the hour stated today within a few feet of the entrance to the *Bee*'s counting room. Mr. Flint applied an opprobrious epithet and Mr. McClatchy responded by delivering full in Flint's face a stinging blow. Flint was knocked down and roundly pummeled.

The Native Sons of the Golden West condemn the organization formed in San Jose which, according to dispatches from that city, proposes to use the name of that powerful organization to gain political preference for certain favored ones. The announcement from San Jose was to the effect that all the members of the Native Sons parlors in Santa Clara county would join in the movement.

All of the Native Sons approached for views in Sacramento declare that such a use of the Native Sons' organization is directly opposed to the principles of the order, and they condemn it in the most emphatic terms.

There has been a decided change in the weather. The storm has broken and the Sacramento valley is again blessed with sunshine. From every section comes the information that the weather is clear. Considerable loss has been experienced by the railroad company in mountain and valley, but the farmers have not suffered much loss on account of overflowed lands.

The only points where the railroad tracks are obstructed are at Marysville, on the main line and on the the branch road between that place and Oroville. In each case the trouble has been caused by an overflow from the Feather river. On the Oregon line the track is two feet under water and on the Oroville branch road the water is four feet in depth.

Unconstitutional.

LOS ANGELES, January 22.—Judge Van Dyke, in the superior court this morning, declared the new primary election law for San Francisco and Los Angeles, passed by the last legislature, unconstitutional on the ground that it is not general and is discriminating in its nature. The decision was made in the application of Martin Marsh to enjoin the supervisors from appropriating funds to carry out the act.

ENGLAND FORTIFYING

Military Preparations on the Guiana Frontier.

A STIR CREATED IN VENEZUELA

British Forts Being Repaired—Militia Drilled to Handle New Guns.

NEW YORK, January 23.—The *World's* copyright special from Caracas, Venezuela, says: Michael McTurk, the head magistrate of British Guiana, who has been identified for years with the usurpation of Venezuelan territory, has been relieved of his duties in order that he may command an expedition charged with fortifying the entire length of the Cuyana river lying in the disputed territory. The news has caused a great stir here. *El Liberal*, in a leading editorial, calls the attention of the government to the military preparations on the Guiana frontier, which, although London denies it, are actively going forward. On the British island of Trinidad, the forts are being repaired and the militia is being drilled in the method of handling the new heavy guns.

In the name of the people of Venezuela this government is asked to fortify Amucuo, Cangrejos and Guyani, on the frontier, in order to be ready for war if arbitration fails. The moral effect of increasing the military strength would be to unite the country, it is argued, and would command the respect of President Crespo's bitterest enemies. The English plan is believed to be to fortify the disputed territory while the American commission is investigating, and if its report is adverse to Great Britain, to be prepared to hold it forcibly.

Ex-President Guzman Blanco denies that there is a conspiracy against Venezuela. He pronounces the story the work of enemies at a time when all the Venezuelans owe their support to President Crespo against a common enemy.

The news of the proposed adoption and definition of the Monroe doctrine by the United States congress has aroused great enthusiasm here.

SAN FRANCISCO RACES.

Ingleside Track Closed Today for Two Weeks.

SAN FRANCISCO, January 22. — Over 10,000 people gathered at Ingleside today, the two-mile race proving a great drawing card. Cadmus, the star of the Spreckels string, was a 2 to 5 favorite in this event, which price was justified by the easy manner in which he captured the race. Julia C. Dan Honig's filly, who was a heavily played second choice, was never a dangerous factor, and finished a poor third.

Strathmeath had no trouble in winning the mile event, Ezell's Dangarven getting second place. Strathmeath was a 1 to 2 favorite.

Ed Corrigan's Olive won the last race from Minnie Cee in a driving match. Olive was the sixth favorite to win, and the form players reaped a harvest. This is considered a remarkable showing on a track that resembled a mud bank.

The Ingleside track closed today for two weeks, and racing will be resumed at Bay District tomorrow. Weather cool, track heavy.

In the first race Mainstay was left at the post, but ran after the field and made a phenomenal run, finishing third.

Five and a half furlongs—Pat Murphy won, Realization 2, Mainstay 3. Time, 1.14.

Five and a half furlongs—Clara Wilson won, Mr. Reel 2, Little Jimmy 3. Time, 1.12½.

Two miles—Cadmus won, Carmel 2, Julia C. 3. Time, 3.43½.

One mile—Strathmeath won, Dungarven 2, Wyoming 3. Time, 1.47.

Six furlongs—Alvarado won, George Miller 2, Pique 3. Time, 1.18½.

Seven furlongs—Olive won, Minnie Cee 2, Fortuna 3. Time, 1.33.

SUPREME COURT DECISION.

Act Creating the New Board of Election Commissioners Void.

SAN FRANCISCO, January 22.—The supreme court decided today that the act creating the new board of election commissioners was unconstitutional. The decision was rendered in the matter of the application of James Denman, one of the new commissioners, for a writ of mandate to compel Auditor Broderick to approve his salary warrant. Broderick refused to audit the warrant, on the ground that the act creating the commission was unconstitutional.

The supreme court pronounced the act unconstitutional, for the reason that it applies to "cities and counties having 150,000 and more inhabitants."

As there is no such classification under the general law classifying counties under the constitution, the act is deemed special legislation and therefore void.

"THE FRESNO WATCHMAN."

Senator Goucher's Paper to Make Its Appearance on Monday.

Senator G. G. Goucher, assisted by other members of the Democratic party, is making arrangements for the first issue of his new paper on Monday morning. The name of the paper is to be the Fresno *Watchman*, and it will be printed in the office of the *Republican*. Senator Goucher is to be at the head of the management, although he will be assisted by several others.

He says that since the announcement in the REPUBLICAN that he was going to start a paper he has been pestered almost to death with missives from type foundries and paper factories, all wanting a share of his patronage. "Of course," said the senator, "we intend to make the paper a permanent institution, but we have no money with which to buy a plant. We will undoubtedly have hard sailing for the first few months until the paper is established. There are to be no advertisements in the paper, as we desire to emulate the *War Cry*, which is the only paper on the coast which does not run advertisements."

WORK FOR VAGRANTS.

The question under consideration by the Board of Supervisors as to whether the stone corral shall be closed and the vagrant inmates of the county jail permitted to spend their time in idleness is of too much importance to be decided hastily.

The cost of guarding the prisoners and keeping the men at work since the corral has been opened up on two sides by a railroad switch is excessive and otherwise unsatisfactory, but it would seem to be entirely possible that these difficulties might in some way be overcome and the cost of guarding the prisoners materially reduced. It might be possible, for instance, to remove the corral to another location, where the stone could be conveniently unloaded; it also seems possible that the cost of transportation might be reduced, as the railroad company is directly benefited by the abatement of the tramp evil.

In any event a thorough investigation of the matter should be had before it is decided to put a premium upon vagrancy by offering board and lodging to the tramp element without the abhorred penalty of labor. The REPUBLICAN not only believes that the rock pile or some similar means of regular employment should be maintained, but that every vagrant in the county jail should be compelled to put in ten hours of labor every day excepting Sunday during his term of imprisonment.

The statement that vagrants have not avoided Fresno on account of its rock pile is altogether gratuitous, and is evidently contrary to the fact. The fact is that Fresno has suffered very much less from the tramp evil since the rock pile was instituted than it did prior to that time, and less also than neighboring towns. There is every reason to believe that hundreds of vagrants have been kept out of the county by the reputation that the county has made by compelling its prisoners to work, and that the stream would turn strongly this way again if that reputation were destroyed.

The results of the work done on the rock pile are small, and yet they are better than nothing. The value of the broken rocks when used upon the streets has been demonstrated by the late rains, and there is plenty of room for more work of the same kind around the court house square and upon some of the roads near town that are rendered almost impassable by a month of rainy weather.

Everything considered, the REPUBLICAN is emphatically opposed to abolishing the rock pile unless some more practicable and satisfactory method of employing the vagrant element in the jail is found to take its place.

JAMES J. ROGERS, a wealthy capitalist of Pomona, who is 77 years of age and has a creditable collection of children and grandchildren, has deeded his property to an Arizona school girl, who wears short dresses and a smile of innocent childhood, preparatory to making her his wife. The transfer of property is due to the anger of the old gentleman at the opposition of his family to the proposed nuptials. The sale of the girl by her natural guardians is a good one, considered from a purely financial standpoint, as the old man cannot be expected to number the earth for many years, and still the deal is not one that can be unreservedly indorsed. The transaction would be all right according to the ethics of the royal Turk, or, perhaps, of the American aristocracy of wealth, but to plain, everyday people the revolting features of the case considerably overbalance the advantages to be derived. School girls are not supposed to be for sale in this country, and traffic of that sort should not be encouraged.

SPAIN evidently realizes that if she is to succeed in putting down the Cuban rebellion she must do so at once, for within a few weeks' time the Spanish soldiers will have to contend with the unhealthfulness of the hot season, as well as the disadvantages with which they have been unable to successfully cope in the past. The natives can live under climatic conditions that bring certain death to the foreigners, and the advent of the hot season will be welcomed by them as providential interposition. The Cubans have fully earned the recognition of their belligerent rights by this government, and should have it in the crucial stage of the struggle now at hand.

SPEAKER REED has promptly and positively denied the statement sent out in the press dispatches that he would oppose the admission of Arizona and New Mexico because they are silver territories. As a matter of course the statement was not believed by anybody who did not desire to make political capital out of it, but as that represents a good many people it is well that the denial has been made. There is no question about Arizona's claims for statehood deserving recognition.

The Cleveland newspapers now refer to the Stockton *Mail* as the organ of the mugwumps. The lines are being pretty closely drawn through the Democratic camp now-a-days, and there is little room for neutrality. On one side are the opponents of Clevelandism and on the other are the cuckoos. If the *Mail* is a mugwump organ under the reign of Cleveland it at least has the satisfaction of knowing that it stands for Democratic principles.

THE statement of Bob Ingersoll that he has not been converted or otherwise seriously affected by the prayers which have been offered up in his behalf will not surprise many people. "Pope Bob" is hopelessly wedded to his skepticism, and petitions for divine grace may be more profitably directed in some other direction. The present is not an age of miracles.

VENEZUELANS may have some fun in burning Salisbury in effigy, but they will not settle any boundary disputes in that way. The patriotism of the southern republics is commendable, but its statesmanship needs a balance wheel.

THE "flying squadron" that was announced to be on route to American waters, is not flying anywhere. It is just flapping its wings in its own duck pond, to show the world the color of its plumage.

RANDOM REMARKS.

Soon as the winter shades prevail
Our Grover tells a gloomy tale
Of shrinking gold, which still responds,
And then he issues some more bonds.

One Oakland woman is suing another for $10,000 damages for alienating the affections of her husband. It seems a high value to place on affections that were so easily alienated. It strikes the writer that love which goes glimmering in such a manner must have been a very poor article in the first place.

Lord Douglas need not have told the Oroville audience that "my wife cannot sing to such music as that." It is generally understood that the music has not yet been composed to which her Ladyship can sing. The fair lady's gifts do not run very much above the shoulders, it is said. She is gifted, but otherwise. Still it was wrong of the musician to strike his Lordship. Such a deed might have resulted in giving the noble Douglas the nosebleed, and consequently covering his clothing with blue stains which would not have come out in the wash. It is, indeed, fortunate that the rash act did not terminate in such a manner.

Truly Shattuck probably should be brought back to her mother's trial by legal process. But, whether she is or not, the mother should not be returned to prison. She has been punished enough, and too much, for a deed for which any husband would have been acquitted. The girl is merely a good-looking tough, but it was her mother who shot the young woman's paramour, and we submit that a mother's feelings should be as zealously regarded as those of a husband. As a matter of fact, they should be as much more so as the average maternal love is deeper than the average conjugal affection. Mrs. Shattuck should henceforth be a free woman.

MARIE WAINWRIGHT.

She Will Present "The Love Chase" at the Barton Next Saturday.

Miss Wainwright, who is sure of a warm welcome here, will appear at the Barton opera house next Saturday evening in her latest successful impersonation of Constance in Sheridan Knowles' most famous comedy, "The Love Chase." This will be gorgeously costumed in the style of Charles II. Miss Wainwright has recently been most favorably received in this play in New York city. The New York *Telegram* said: "Marie Wainwright has never been seen to greater advantage than as Constance in 'The Love Chase,' which is the attraction at the Harlem opera house this week. The admirable old comedy is presented in a lavish manner, and is well acted by the company supporting Miss Wainwright. The star is in her element as the coquettish Constance, and the scenes with Villdrake are given with a lightness and deftness that wins applause." Miss Wainwright's company has been greatly strengthened for the comedy. It is headed by Nathaniel Hartwig. Baron Hill and Hattie Russell. A garotte, danced by all the principals, picturesquely ends the play.

Miss Wainwright and her company arrive in Fresno on the 5.20 train Saturday, and will not leave until the following evening. Manager Barton wishes to assure his patrons that the performance will be given entire. There will be no advance in prices, for the usual 25, 50, 75 cents and $1 prices will prevail. The advance sale of seats is now open.

Kidney

E. W. JOY COMPANY—Gentlemen: I have suffered from kidney trouble for two or three years. I would have to get up in the night to void my urine from ten to fifteen times. My sleep was disturbed, and I became very thin and nervous. No appetite, bowels constipated. I have taken two bottles and gained fifteen pounds. Sleep well. Have to get up about three times during night, and am very much better in every respect. Will continue to take your Vegetable Sarsaparilla, for believe it will entirely cure me.

Powder! Baking Powder!

The greatest offer ever offered in the way of a prize baking powder. Where? Why, at B. T. Scott's, the leading grocer. What is it, Mrs. Quail? Why, Mrs. Cottar, you can get at Scott's one tubular lantern and one can baking powder for 50 cents. The lantern is sold at any store for 75 cents. Or you can get one 5-quart porcelain-lined preserving kettle and one can baking powder for 50cts. The kettle is sold for 75 cents. Now, Mrs. Snee, if you want a lantern or kettle, is your time to save money, as they are a bargain. Whoop them up, Scott! make or lose, and give your customers the benefit of all your special bargains; and as long as you sell groceries and baking powder at such low prices, we can live O. K. and help to keep you in the middle of the street car track, pounding the porcelain kettles and waving the tubular lantern and scattering your competitors. Go it, old boy! the people are still with you, war or no war.

Catarrh.

E. W. JOY COMPANY—Gentlemen: I have just completed the second bottle of your Vegetable Sarsaparilla. I have had catarrh for years which affected my eyes, hearing and stomach. Frequently would have dull headache for days at a time. Since taking your remedy I have felt no disagreeable symptom.

Trusting you will publish this, as I want any one suffering from any of the above symptoms to be benefited. Kindly send me two more bottles by return express. [Signed]

Dyspepsia.

E. W. JOY COMPANY—Gentlemen: I have taken your Vegetable Sarsaparilla and can say I have never seen anything equal to it. I have suffered ten years with dyspepsia, not being able to eat anything but milk and brown bread. Life was nothing but misery for me.

Now I have a good appetite, eat anything I wish and feel no disagreeable effects from it. I wish I could tell all dyspeptics and urge them to try your Vegetable Sarsaparilla.

Notice of Intention No. 125.

RESOLVED, THAT IT IS THE INTENTION of the Board of Trustees of the city of Fresno to order the following street work to be done, to-wit:

That a six-inch sewer be constructed from a point 10 to the alley, two feet north of the south line of block 389 through the center of the alley in block 389 to a point within five feet of the north line of said block 389 with a four-inch on six-inch Y for each twenty-five feet frontage on said block, on said alley, the four-inch branch to be capped with an earthen cap; a six-inch inspection hole to be constructed at the upper end of the sewer, equipped with a cast iron cover, as provided for in the specifications; the cap of the inspection hole to be even with the grade of the sidewalk.

The last joint but one of the sewer to be a four-inch on six-inch Y, and the four-inch branch to extend to the side of the alley, and then with a quarter curve and four-inch pipe brought to the surface of the ground and extended sixteen feet above the surface, with a galvanized iron pipe four and one-half inches in diameter and capped with a four-inch redwood post 16 feet long, set firmly in the ground 4 feet.

The sewer to be laid upon a uniform grade of 8-10 foot to the 100 feet. The pipe to be of the best quality vitrified, salt-glazed, frostone pipe. In refilling, all material used on the street or sidewalk to be carefully puddled and tamped.

All work to be done according to the sewer specifications on file in the office of the city clerk, and to the satisfaction and approval of the superintendent of streets.

The Fresno Morning Republican is hereby designated as the daily newspaper, published and circulated in this city, in which this resolution of intention shall be published for two days, and the notice thereof for six days, as often as said newspaper is issued therein.

Whereof, this resolution of intention was passed and adopted this 20th day of January, 1896, by the following vote: Ayes—Trustees McVey, Chittenden, Austin, Spinney, Craycroft.

No—None.

Commissioner's Sale.

No. 6360.

In the Superior court, county of Fresno, state of California.

J. H. Rainbolt, plaintiff, vs. E. F. Cartlar Van Dissel, G. J. G. Brandt, William E. W. Keijen and The Fresno Land Company (a corporation), defendants.

WHEREAS, AN ORDER OF SALE IN THE above-entitled cause to me directed, was issued out of the Superior court of said county of Fresno, on the 20th day of January, 1896, on a judgment and decree of foreclosure of mortgage rendered therein and docketed on the 3d day of January, 1896, in favor of J. H. Rainbolt, plaintiff, and against E. F. Cartlar Van Dissel, G. J. G. Brandt, William E. W. Keijen and The Fresno Land Company (a corporation), defendants, which said judgment and decree is recorded in judgment book, volume 9, page 485, of judgments, on the 3d day of January, 1896, in decree book, volume 8, of the said Superior court, on page 282 et seq., for the sum of fifteen hundred and thirty 23-100 dollars in gold coin of the United States, with interest thereon at the rate of seven per cent per annum from the date of said judgment, and accruing costs.

And whereas, I am commanded by the said order of sale to sell the mortgaged premises to satisfy the said judgment and all costs.

Notice is hereby given that on Friday, the 31st day of January, 1896, at 12 o'clock noon of that day, in front of the west door of the court house, in Fresno, county of Fresno, state of California, in obedience to the commands of said order of sale, I will sell the mortgaged premises described in the said order of sale, as follows:

All those certain lots, pieces or parcels of land, situated, lying and being in the county of Fresno, state of California, and bounded and particularly described as follows, to wit: Lots numbered one hundred and thirty-five and one hundred and thirty-six (135 and 136) of the Partlin Colony Number Two (2), as per map of said tract of land as laid down and delineated upon the plat thereof, entitled "Amended Plat of Partlin Colony No. 2," which plat was filed for record in the office of the county recorder of said Fresno county on April 1st, 1891, together with all the improvements and appurtenances thereunto belonging.

And that the said sale will be made at public auction to the highest bidder for cash, payable in gold coin of the United States.

Dated Fresno, January 6th, 1896.

Order of Adjudication of Insolvency.

In the Superior Court of the County of Fresno, State of California.

In the matter of J. O. Colwell, an insolvent debtor.

J. O. COLWELL HAVING FILED IN this court his petition, schedule and inventory in insolvency, from which it appears that he is an insolvent debtor, and praying that he be adjudged insolvent, and it appearing to the satisfaction of the court that said petition should be granted, it is hereby ordered that the sheriff of the county of Fresno, be, and he is hereby directed to take possession of all the estate, real and personal, of said J. O. Colwell, aforesaid insolvent debtor, whatsoever and wheresoever the same may be found, except such as may be by law exempt from execution, and of all his books, accounts, books of account and papers, and to keep the same safely until the appointment of an assignee of his estate. All persons having the same or any part thereof in his or their possession are hereby directed to deliver their possession and keeping directed to deliver the same properly to said sheriff. And all persons are hereby forbidden to pay any debts to said insolvent, or to deliver any property belonging to such insolvent, to him, or to any person, firm, corporation or association, for his use, and the said debtor is hereby forbidden to transfer or deliver any property belonging to him, except as herein ordered.

It is further ordered, that all the creditors of said debtor who claims shall have proofs of their debts filed in this court at least two days prior to the date next hereinafter named, be, and appear before the Hon. E. W. Risley, Judge of the Superior Court of the County of Fresno, in open court at the court room of said court, in the County of Fresno, on the 30th day of January, 1896, at 9 o'clock a.m., of that day, to prove their debts and choose an assignee of the estate of said debtor.

It is further ordered, that this order be published in the Fresno Morning Republican, a daily newspaper of general circulation, printed in the County of Fresno, as often as the said newspaper is published, before the day set for the meeting of creditors.

And it is further ordered, that, in the meantime, all proceedings against said insolvent be stayed.

Dated, January 20th, A. D. 1896.

E. W. RISLEY,
Judge of the Superior Court.

Resolution of Intention No. 128.

RESOLVED, THAT IT IS THE INTENTION of the Board of Trustees of the city of Fresno to order the following street work to be done, to-wit:

That a six-inch sewer be constructed from a manhole on Mono street, opposite the alley in block 101 to a point within ten feet of the south line of said block 101, with a four-inch on six-inch Y for each twenty-five feet frontage on said block on said alley, the four-inch branch to be capped with an earthen cap; a six-inch inspection hole to be constructed at the upper end of the sewer, equipped with a cast-iron cover, as provided for in the specifications; the cap of the inspection hole to be even with the grade of the sidewalk.

The last joint but one of the sewer to be a four-inch on six-inch Y, and the four-inch branch to extend to the side of the alley, and then with a quarter curve and four-inch pipe brought to the surface of the ground and extended sixteen feet above the surface, with a galvanized iron pipe four and one-half inches in diameter and capped with a four-inch redwood post 16 feet long, set firmly in the ground 4 feet.

The sewer to be laid upon a uniform grade of 8-10 foot to the 100 feet. The pipe to be of the best quality vitrified, salt glazed, frostone pipe. In refilling, all material used on the street or sidewalk to be carefully puddled and tamped.

All work to be done according to the sewer specifications on file in the office of the city clerk, and to the satisfaction and approval of the superintendent of streets.

The Fresno Morning Republican is hereby designated as the daily newspaper, published and circulated in this city, in which this resolution of intention shall be published for two days, and the notice thereof for six days, as often as said newspaper is issued therein.

Whereof this resolution of intention was passed and adopted this 20th day of January, 1896, by the following vote: Ayes—Trustees McVey, Chittenden, Austin, Spinney, Craycroft.

Summons on Foreclosure of Mortgage.

In the superior court of the county of Fresno, state of California.

Nora schroder, plaintiff vs. J. W. Egan, Mrs. J. W. Egan (his wife) and A. M. Clark, defendants.

Action brought in the superior court of the county of Fresno, state of California, and the complaint filed in the office of the clerk of said county.

The people of the state of California send greeting to J. W. Egan, Mrs. J. W. Egan (his wife) and A. M. Clark, defendants.

YOU ARE HEREBY REQUIRED TO APPEAR in an action brought against you by the above named plaintiff in the superior court of the said county of Fresno, state of California, and to answer the complaint filed therein within ten days (exclusive of the day of service) after the service on you of this summons, if served within this county; or, if served elsewhere, within thirty days.

The said action is brought to obtain judgment of this court for the foreclosure of a certain mortgage described in the said complaint, and executed by the said J. W. Egan, on the 1st day of March, 1894, to secure the payment of a certain promissory note, dated March 1st, 1894, for the principal sum of three hundred and fifty dollars ($350.00) together with interest thereon at the rate of 10 per cent per month from date until paid, interest to be paid annually or also compounded. That all of said principal and interest is due and unpaid; said note was made payable one year after date, on to-wit, the 1st day of March, 1895 and is also to foreclose all right, title and claim or the other defendants. Mrs. J. W. Egan and A. M. Clark, in or to said premises so mortgaged as afore said; also to recover the sum of one hundred dollars as an attorney's fee for foreclosing said mortgage covered by said deed of trust, payable one year after date, and for general relief in the premises.

And that the said sale will be made at public auction to the highest bidder for cash, payable in gold coin of the United States.

Dated, Fresno, January 18, 1896.

Sheriff's Sale No. 5305.

O. Scribner vs. Alex Retbeder.

BY VIRTUE OF AN EXECUTION ISSUED out of the Superior Court of the county of Fresno, of the State of California, to me directed, in favor of Scribner and Alexander Retbeder defendant, upon a judgment rendered the 30th day of April, A. D. 1891, for the sum of $586 10-100 dollars, in United States gold coin, and interest. I have this day levied upon and taken all the right, title, claim and interest of said defendant, Alexander Retbeder, of, in and to the following described real estate, to-wit: All the right, title, claim, lien, equity of redemption, and interest in and to said mortgaged premises, and for other and further description of the property levied upon and taken as the property of said defendant, reference is hereby made to the mortgage on file in the office of the county recorder of said Fresno county, California, and in case such proceeds are insufficient to pay the same, that judgment be declared against said O. Scribner for the balance remaining due, and also that the said defendants, and all persons claiming by, through or under them, may be barred and foreclosed of all right, title, claim, lien, equity of redemption, and interest in and to said mortgaged premises, and for other and further relief as may be just in the premises, as described in the complaint on file herein.

And you are hereby notified that if you fail to appear and answer the complaint as above required, said plaintiff will apply to the court for the relief demanded in the complaint.

Witness my hand and the seal of the Superior court of the county of Fresno, state of California, this 27th day of August, A.D. 1895.

A MINING COMPANY

It is Being Organized in Fresno.

PLANS ARE FULLY SET FORTH

A Home Enterprise Managed by Well Known Gentlemen—Field of Operations.

Some of Fresno's best citizens have incorporated and formed themselves into a company for the purpose of developing and working mines in one of the best mining counties in the state and with a view to enable every person who so desires, no matter how hard times are, to participate in helping to make the enterprise a success by taking if necessary only one share of the stock, which will cost the purchaser just $1 per month for the term of two years; $24 in all. The stock will be unassessable further than the $1 per month.

The proceeds from the sale of the stock will be applied in the most economical and legitimate manner toward developing properly that will benefit each and every shareholder.

It is the intention of the company to start its work in Tuolumne county, which county, according to statistics, produced up to 1893 the enormous sum of $211,000,000.

Within the past year, and at the present time, no less than a dozen of the old mines which have been sleeping in old mother earth for the past twenty years or more and supposed by their owners to have been worked out at a depth of from 100 to 300 feet are now being worked at a depth of 1000 feet or more and proving to be very rich, and gradually growing to proportions classed among the millions. The plan upon which the company is organized is as follows: Capital stock $48,000, divided into 2000 shares at a par value of $24 per share, payable in monthly installments of $1 per month.

It is proposed to use $1000 per month as a working capital, with which to bond and develop mines, until one or more good rich mines are discovered and acquired by the stockholders of the company, then to work them steadily in the interest of all concerned. There are yet many of the rich mines of the early days lying idle in Tuolumne county, mines that have yielded from $100,000 to $1,000,000, and were closed down from twenty to thirty years ago because the owners could not proceed further with the means and appliances of those days, but recent developments have shown in five different cases near Sonora, the county seat of Tuolumne county, that those once famous mines are still rich, many of them, and are again turning out their millions. It is the intention of this company to take hold of one of those old and once famous mines (bonding it at a low figure) and to do good vigorous development work, and by taking advantage of the improved methods and facilities of later days they will endeavor to at once bring the company into the possession of one of the rich mines of the state, and while that work is going on the company will also bond and work continuously one or more of the many good prospecting mines of that locality, so that they will not be limited to one chance of getting a good permanent mine, but with such facilities as they will have in the above organization, success will be as nearly assured as it is possible to have it.

Among the fine mines now in active operation within a radius of twelve miles of Sonora are the App mine, situated on the "mother lode," with a quartz vein from five to twenty feet wide; ore, very rich; mine considered worth several million dollars.

The Rawhide mine, three miles nearer Sonora. Two million two hundred thousand dollars were refused for this mine within the past twelve months. Owned by W. A. Nevills and others.

The Golden Gate, a purely sulphurets mine. No free gold in sight. Is yielding hundreds of thousands every year. Owned by Golden Gate Mining Company, Sonora.

The Dead Horse mine, vein five to twenty-five feet wide, has yielded over $11,000,000, and is considered as good today as ever. Situated nine miles from Sonora. Owned by Haywards & Company, San Francisco.

The Golden Rule mine, four miles from Sonora, is also one of the rich mines of that locality.

The Confidence mine, seven miles from Sonora, has yielded over $6,000,000. Shut down years ago; worked only about 700 feet below the surface; vein lost. Owned by Baker & Hamilton, San Francisco.

The Green mine, Sonora, paid $100,000. Closed down with vein lost. Mine only worked to a depth of 240 feet. Worked in early days.

The Excelsior, eleven miles east of Sonora, turned out $420,000 during 1866-7 and 8; was only worked 200 feet below the surface; vein lost; mine lying idle since 1868.

The Soulsby mine, location Soulsbyville, eleven miles from Sonora, yielded over $6,000,000, owned by William Sherwood, Soulsbyville, California.

The Bonanza mine, in the town of Sonora, has yielded over $2,000,000.

The products of Table Mountain alone, which runs through a portion of Tuolumne county, is estimated at $15,000,000.

It is stated by a member of the above company, who recently visited that part of the state, that Tuolumne county is very favorably situated for quartz mining, and so far as external indications and facilities may serve as guides, together with the official records of the output of the mines in that county, the presumptions are that it will be second to no other county in California in the production of quartz gold. Wood and water are abundant, the roads generally are good, and the quartz veins are large, numerous and easily traced.

The mother lode and the companion talcose vein have been their largest and most regular development. It is virtually a slate country, and yet the quartz veins in the granite about "Sugar Pine" and Soulsbyville are the most productive of their class in the state. Also vast beds of auriferous gravel traverse the county, awaiting the prospector's pick and capital necessary for development; and yet over 300 miles of canals are now in use for mining in Tuolumne county.

Sonora and Columbia are noted also for having produced more large nuggets than any other district in the state.

The company intends to send out to all stockholders every three months a statement of the progress of the work, giving in detail an account of all receipts and expenditures, and of all work done up to that time. They propose to see that all stockholders, even if their stock only amounts to one share, shall have an equal chance in proportion to their interests, with every other stockholder, and the plan is one by which small stockholders cannot be assessed out, as they will never be called upon for greater assessments than they start out with, according to the written agreement between the company and those taking stock.

The promoters of the above enterprise say that the assurance of success on such a plan is good enough, so that it may be carried on in an honorable, straightforward, businesslike manner, as they propose to do, guarding every man's interest alike.

The board of directors wish to assure their friends and any others who may wish to take stock that the plan will be carried out as herein stated.

The books are now open for the sale of stock. There are but 2000 shares all told to be taken, and those wanting stock whether much or little, will be more likely to get it if they apply early than if they come later on. As products of Tuolumne county, and of the immediate vicinity in which the new company will do their work, they have placed on exhibition in the show window of Olney & Johnson on Mariposa street some of the most beautiful specimens of gold and gold quartz that were ever brought to Fresno, and anyone who fails to see them will miss a grand sight.

The directors of the company are Jay Scott, N. W. Moodey, H. E. Barnum, Thomas R. Brown, J. L. Marble. President, N. W. Moodey; vice president, Thomas R. Brown; treasurer, Fresno National bank; secretary, J. L. Marble.

This is considered one of the rare opportunities offered to the general public to invest a dollar a month or more if they wish, with a fair prospect of good returns, and a possibility of much more.

The specimens of ores in the window at Olney & Jonsen's will be recognized by miners as exceptionally fine. They are numbered, and the descriptions and numbers are as follows:

No. 1—Gold specimen from the Tennessee mine, about two miles north of Sonora.

No. 2—Rich sulphuret rock from Black Oak mine, seven miles east of Sonora.

No. 3—Milling vein ore from Rawhide mine, five miles southwest from Sonora on "mother lode," 700 feet level.

No. 4—The same mine as No. 3, but on the 600 foot level.

No. 5—From the Crystalline mine, on the "mother lode," about five miles south of Sonora.

DENTISTS IN A SCRAP

E. S. VAN METER IN THE ROLE OF PEACEMAKER.

How the Trouble Started and How It Came to a Close.

The third floor of the Fresno Loan and Savings Bank building was the scene of combat without gloves yesterday. The parties were Dr. L. Cook and Dr. Gazarian, while E. S. Van Meter cleaned a portion of the hurrican deck by a few fifty-pounders from the shoulder. It should be stated, however, in justice to Mr. Van Meter, that he entered the arena as a peacemaker. He loves peace; he will have it, even if he must thrash half a dozen men to get it.

Dr. Cook and Dr. Gazarian are dentists, and until recently were partners, with an office on the third floor of the Fresno Loan and Savings Bank building. A few days ago Dr. Cook sold out to Dr. Gazarian, and there was a misunderstanding about the pay, Gazarian claiming something still due him, and Cook denying that he owed anything.

Yesterday when Dr. Cook went to the office to remove some of his property which he had left there, Dr. Gazarian refused to let him take it. At any rate, this is the way the affair was reported. A quarrel ensued, and after a few loud words, which attracted the attention of the tenants of that part of the building, they fell to fighting. Van Meter listened, somewhat curious; the fistic fight grew fast and furious. The warring dentists stirred their stumps and gave each other sounding thumps; now up, now down, they rushed and rallied; out from his room Van Meter sallied.

When he came upon the scene, a friend of Dr. Gazarian interferred and told Mr. Van Meter to keep his hands off and let them fight it out. This would not have been offensive, but he coupled the order with a series of epithets which grated on Mr. Van Meter's nerves, and hauling off, he let drive at Dr. Gazarian's friend, and "Oh, what a fall was there, my countrymen!" He never came back, and the lawyer had the satisfaction of seeing peace restored. The dentists were separated in course of time. Dr. Cook was not much the worse for the scrap, but as much cannot be said of Dr. Gazarian.

THE SUPERVISORS.

Sale of the Old Copper From the Court House Dome.

The Board of Supervisors met yesterday and spent most of the day completing the list of 400 trial jurors for the coming year. In four of the districts the supervisors have made their respective selections and the list will be finished today.

The copper from the court house dome was sold at auction during the day, the successful bidder being the J. Rylance Brass Company of San Francisco, which bid 5½ cents a pound. There are about 2500 pounds of the copper. The purchasers are to pay $100 down and the balance on delivery of the metal.

Supervisor Garrett of the indigent committee has received a telegram from James A. Bolen of Kansas City authorizing the board to draw on him for $50 to procure food and medicine for his sister, Mrs. Burnett of 310 E street, this city. Mrs. Burnett is over 70 years old and in a critical condition. Her son and daughter are both consumptive, and her husband is unable to work by reason of old age.

Struck by Lightning.

The Madera *Tribune* says that during the thunder shower in that place on Saturday last Mrs. B. A. Hawkins, wife of Superintendent of Schools Hawkins, received an electric shock. She was standing in an outside door at her home when she was shocked almost into insensibility by an electric current during a flash of lightning, disabling one of her arms for a time and causing inflamed pimples to break out on that member. She is all right now, however, but no doubt had a close call.

From Birth

to death man is but organized dust supported by the energies of fuel-foods, of which (barring its bad taste) Cod-liver Oil is, by all odds, the best." So says a famous English physician.

In Scott's Emulsion, the bad taste of the Cod-liver Oil is completely overcome, making it the perfect food and remedy in consumption, anemia, and all forms of wasting complaints. It digests and agrees where other foods repel. No other emulsion is "the same," none" just as good."

THE MAN ABOUT TOWN

A "Little Talk" Concerning Creeds With Adam.

THANKS TO PROFESSOR TYNDALL

Words of Sympathy Which Cannot Reach Far—A Few Other Items.

Adam Beaver takes exception to my remark that "Christianity is an abstract thing, as far above creeds as God's stars are above the dust", and he desires to have a "little talk" with me about it. It must be a very little talk, Adam, for it is almost time to set my Durham hen, and I am quite busy. However, I quote your objections to my statement, and thus give you the benefit of them a second time. You say:

"If the above is true then the Apostles were in error in formulating and adopting a creed. The Catholic bishops were also in holding councils, formulating creeds; and last, but not least, Almighty God was in error in commanding Moses to lead the Israelites to the foot of Mount Sinai to receive the decalogue, the grand Mosaic creed."

Briefly answering, I say: First, the Apostles did not formulate and adopt a creed. The so-called "Apostles' creed" was not formulated and adopted until about five centuries after the birth of Christ and more than four centuries after the death of the last of the Apostles. See any authority, Adam, and then admit that your first point is poorly made.

Second—If councils of bishops formulated creeds, only to have them altered or overthrown by succeeding councils, does that, think you, prove that the bishops could not have been in error? If so, which council was infallible? Or were they all so, no matter how widely they differed?

Third—If the Mosaic law was from the Almighty it was a divine law, and as such it was infinitely more than a creed ("a summary of the articles of Christian faith"—*Webster*). It could not err; a creed may.

Someway, Adam, I cannot forget that the Galileean condensed "the law and the prophets" into just two commandments whose purport may be expressed by the one word, "Love." Don't you think that there is enough of creed in that word for all humankind? I do.

* * *

Never do I realize what empty things are words as when I would speak a message of sympathy to one who stands by a newly-made grave. I would fain tell such a one that my heart is tender for him, but the words will not come, or they falter if they do. But my friends, E. W. Smutz and his good wife, will understand what I so poorly say.

It was such a little coffin, the wee white casket with the blossoms of white and violet upon it; so little to hold so much of earth's brightness and bloom; so little, but it held so much.

She went to school, this wee maiden of six bright years, and much of her baby interests were there. So it was not strange that a little while before the great gray angel touched her sweet eyes, she told her dear ones at home that she was afraid her sickness would prevent her being promoted. Worrying about her school, you see, the dear little one.

God bless her, she was promoted—we will believe that, good friends—promoted to a school into which no human error ever creeps; promoted to where the cares are ended and the troubles are past. And never teacher here can comprehend what she will know and understand. She has been promoted beyond us all.

Yet the words trail vainly. Let me, too, place one blossom on the tiny coffin:

She had not learned the world's unrest,
Its burdens and its losses.
Sword-free was the little breast.
She dreamed not of life's crosses.
So when the loving angel came
To where her feet were straying,
"I'll bear her from the grief and shame,"
He said, and smiled in saying.

Oh, gently, gently reached He them,
And clasped the baby fingers
To lead her over hill and glen
To where the morning lingers.
Sad sank the cries upon his breast
From loving ones who missed her,
"And yet the Father knoweth best,"
He said, and, stooping, kissed her.

I know not how it was with the remainder of the committee at Tyndall's mind-reading entertainment; probably they do not have to bother about such things, but it was a great gratification to me. There, in sight of a large audience, he read my mind—read *my mind*, you understand. This leaves no question about it; I have one, and the people who have been going about town and saying that mind had given out just before I was created may as well take it back. This is why I acted on the committee. I wished to satisfy my own curiosity and that of my friends. Perhaps the other members of the committee had the same object in view, but, if so, they failed to mention it to me. For my part, I feel under great obligations to Professor Tyndall.

The larger part of the Fresno barbers will do no shaving on Sunday after this month. This is business! Men who work from ten to thirteen hours a day need one day's rest in the week, and they need it badly. I judge, too, that it is a rather mean man who will not willingly help them to secure it. If the barbers are sensible, they will stay with this "new departure," but this is not saying that they will do so.

W. A. Plate, who was arrested on his father's complaint on a charge of petty larceny, has been tried and discharged. "No case was made out against him," says the REPUBLICAN'S report. Then I submit that the costs of the action should have been assessed to the senior Plate. There is altogether too much of making the public pay for domestic rows.

REVIVAL MEETINGS.

Another Large Audience at the Adventist Church.

The tide of interest in the preaching of Rev. S. M. Martin seems to rise higher each night. Last evening again the Adventist church was crowded below, and the galleries were filled with the exception of the seats in the extreme rear of the hall.

Again the interest was intense. It was thought by some that the wit and humor in the speaker were the elements of attraction, but now that these have been dropped, the interest has deepened in the powerful presentation of Gospel truth. Other elements of oratory have become conspicuous. Prominent is lucidity of statement. His positions are almost admitted before he sets himself to prove them, the clearness of the statement making them appear reasonable. Again, his logical presentation of a subject adds a charm which is increased by his admirable elocution, and completed by one of the finest voices with which a man was ever blessed. Then lastly, his intense earnestness and evident sincerity attract his audience powerfully.

The discourse last night on "New Testament Conversions" was listened to almost with bated breath. At the close of the discourse three persons made profession of their faith in Christ.

HELD TO ANSWER.

S. M. Seropian's Examination for Illicit Distilling.

The examination of S. M. Seropian for illicit distilling was held before United States Commissioner Prince yesterday, resulting in holding the defendant in $1000 bail to answer to an indictment by the federal grand jury, if an indictment shall be returned.

The defendant testified in his own behalf and denied that he had sold brandy. It was further shown that he has been an inmate of the Stockton insane asylum and is now under a guardian.

An Exchange Needed.

From the Tulare Register.

Another effort is being made at Fresno to organize a labor exchange, and it would seem that success ought to attend the effort. There ought to be some central machinery in all centers of population where people who want to work can make the fact known, and employers who need a force of hands on short notice may be saved the annoyance of chasing all over the country to pick them up. A bureau or exchange may be made to benefit both sides.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

FOR GREATER FRESNO

The Hundred Thousand Club at Work.

MASS MEETING TO BE CALLED

The Club May Take Up the Raisin Question—Suggestion by A. L. Hobbs.

At the regular weekly meeting of the executive committee of the Hundred Thousand Club last night considerable business of importance was transacted. Chairman Lisenby presided.

The good results of the advertising done by the club are beginning to be seen.

Inquiries come from the east regarding Fresno. A number of such communications were read last night. One of the most important was a letter from August Erbrick of Indianapolis, asking for information regarding the field for the establishment of a brewery in Fresno. A committee of three, J. W. Shanklin, T. S. Price and A. L. Hobbs, was appointed to answer all inquiries.

Letters were read by the secretary from California's representatives in congress in response to the resolutions passed by the club requesting their assistance in the furtherance of the Nicaragua canal and for an appropriation of $200,000 for a public building in Fresno. Congressmen Bowers, McLachlan, Barham, Loud and Johnson, and Senator White responded, and all expressed their determination to work for the canal. The letters, however, were discouraging as to the public building. Under the circumstances it was considered unlikely that a bill for the appropriation could be passed.

A. L. Hobbs, of the committee appointed to further the matter of annexing some of the additions of the city, reported that he had talked with many people residing outside the city limits. There is a general opposition, said Mr. Hobbs, on the part of the additions to the proposition of coming into the city. The people there think there will be no material advantage in it and that they will receive practically no return for the additional taxes.

The plan of Mr. Hobbs was to put forth some assurance to the additions that in the event of their becoming a part of the municipal corporation they shall be given street lights, sewerage and fire protection. Mr. Hobbs suggested that a meeting of the people of the additions be called and that they select a committee to wait on the city trustees to learn what the board will do for them should they come into the city.

E. F. Bernhard stated he had talked the matter over with a number of residents of the additions and he also found considerable opposition to coming into the city. He enlarged on the advantage of a sewer system and contended that when the people of the additions see the benefits they will be in favor of coming in. He expressed himself in favor of bonding the city for $25,000 to place sewers in the additions in case of annexation. The value of property in the additions would be enhanced if well sewered.

Major Chisholm pointed out that the mere fact that property is in the additions lessens its value. Purchasers usually object to the additions.

City Clerk Shanklin called attention to the fact that if the additions were annexed the population of Fresno would be increased and the city would be raised to another class. It would then have twelve members on the board of trustees and would elect a mayor. The additions would have their representatives on the board.

The report by Mr. Hobbs was accepted and a meeting will be called in the near future.

The committee appointed to secure electrotypes of a design to be printed on envelopes reported that cuts had been made and would be furnished the printing offices.

The following is the cut secured by the committee:

A committee of two was appointed to correspond with other towns in the county for the organization of auxiliary clubs.

Secretary Spencer announced that Miss Ethel Price, aged 10, had paid her initiation fee and dues for February as a member of the club, and that she had been given the club button.

A. L. Hobbs then addressed the committee at some length on the raisin question. He thought that the club should try to relieve the oppressed grower, and get the packers out of the rut in which they are now traveling. Mr. Hobbs thought the club should gain the ear of capitalists on the proposition of buying up all the raisins here, and thus controlling the eastern market. He thought there could be no question of controlling the markets when all the raisins were in possession of one company.

Bernhard and Chisholm also spoke on the proposition. The club will take up the raisin question hereafter.

WEST PARK NEWS.

Improvements Being Made in the Public School House.

West Park school house has long been too small for the many public gatherings that take place therein. As the result of a subscription started on Christmas eve, folding doors have been placed between the two rooms. To raise the rest of the funds a splendid literary and musical entertainment is to be given on Saturday night, February 1st, under the direction of Mrs E. W. Giesy. Among the well known performers who have kindly volunteered are H. H. Alexander, Professor Samuelson and orchestra, Miss Grace Rider, elocutionist of Hanford, Miss Dore, Miss Lillian Albertson, Ernest Webb and Miss Giesy. Many from far and near will enjoy the treat.

West Park Good Templars were regaled with coffee and doughnuts at their last meeting. "But for goodness sake don't say I told you," or that Oleander chap will complain again of sympathetic or imaginary dyspepsia. C.C.L.

Surprised by Friends.

Miss Bertha Thomas was treated to a surprise last evening by a number of her friends. She entertained them nicely, and the evening was spent in games and dancing. Refreshments were served. Those present were Mr. and Mrs. R. Thomas, Mr. and Mrs. Albert Gardner, Mr. and Mrs. George Myers, Mrs. E. Hulbert, Bertha Hutchings, Ida Hamilton, Claud Thomas, Minnie Hull; Messrs. H. Bollinghouse, John Kilgore, William Myers.

The grand jury is still in session. Some of the members are growing anxious to go home.

It commenced raining at midnight,

A DAM TESTED.

Result of the Freshet in the San Joaquin.

At old Fort Miller, after the late rain, the river rose sixteen feet and caused the Ohio Mining Company some trouble. But it clearly demonstrated the fact to the entire satisfaction of the directors of the company that the foundation of their dam was on a solid base. Some of the cribbing was carried away, but the body of the dam remained uninjured. This will delay the company a little while, as they cannot commence repairing until the waters recede, and then about three week's labor, with a force of men, will put everything in better shape than before as they have learned where the weak points are and can strengthen accordingly.

The board of directors met last night at Treasurer Hart's office and arranged to put everything in shape as soon as the waters would allow work to commence. Captain Barrett, the newly elected president of the company, seems to think that this was a case of where they gained by the loss.

CONTEMPT OF COURT.

L. E. Carr Refuses to Obey an Order of Justice St. John.

Constable John Albin went to Poso on last evening's train to bring back L. E. Carr, who is wanted in this city for contempt of court. He refused to obey an order made by Justice St. John. Constable Albin will return with his man some time today.

Last summer Carr was engaged on grape-picking contracts, and worked extensively in the colonies. He became financially involved, and the trouble led to numerous law suits. In one of these cases an attachment had been served on Carr. He failed to obey the order of Justice St. John, and left the county.

CAUGHT ON.

MYSTIC TYNDALL'S PARLORS ARE THE ATTRACTION.

Over One Hundred Ladies and Gentlemen Call on the Famous Clairvoyant.

People from all parts are calling and consulting Tyndall, the famous London mystic. All day long up to late last night the Professor's parlors at the Grand Central hotel were filled with ladies and gentlemen. During the day upwards of a hundred people must have had sittings with this wonderful fore-teller of events. Without doubt Tyndall's powers of clairvoyance are marvelous, and he attracts all to him. His readings of the past, present and future are grand.

Tyndall remains a day longer. Those who wish to see the Mystic must call now.

An Appeal to Cleveland.

Little Billy Hammond of Visalia, nephew of J. H. Hammond of South Africa, has written to President Cleveland the following note:

VISALIA, Cal., January 20, 1896.

Dear Sir—Will you please make the men that have my Uncle Jack in jail set him free? I think you will, won't you? If you will I will be very much pleased. They might kill him. You may be a very stern man, but I think you will be kind enough to see my Uncle Jack free. If you were a little boy like me you would not like your uncle in jail, and if I were you I would get him free if it caused a war. My uncle is a good man. So will you please set him free? Write to me soon. I am the 9-year-old son of W. H. Hammond. My father is county clerk of Tulare county. Yours truly,

BILLY HAMMOND.

A Chance for Tyndall.

From the Madera Tribune.

It seems to be a hard matter for Professor Tyndall, the renowned mind reader, to find a party who will bury him while in a comatose state and watch by his side until the date set for his resurrection—forty days hence. If he is still in the notion of being laid in a tomb if he will call at this office he will be cheerfully accommodated.

Resolution of Intention No. 126.

RESOLVED, THAT IT IS THE INTENTION of the Board of Trustees of the city of Fresno to order the following street work to be done, to-wit:

That a six-inch sewer be constructed from a point in the alley, fifty feet south of the north line of block 103 through the center of the alley in block 103 to a point within ten feet of the south line of said block 103 with a four-inch on six-inch Y for each twenty-five feet frontage on said block, on said alley, the four-inch branch to be capped with an earthern cap; a six-inch inspection hole to be constructed at the upper end of the sewer, equipped with a cast iron cover, as provided for in the specifications; the cap of the inspection hole to be even with the grade of the sidewalk.

The last joint but one of the sewer to be a four-inch on six-inch Y, and the four-inch branch to extend to the side of the alley, and then with a quarter curve and four-inch pipe brought to the surface of the ground and extended sixteen feet above the surface, with a galvanized iron pipe four and one-half inches in diameter and capped with a bonnet cover, and securely fastened to a 4x4-inch redwood post 18 feet long, set firmly in the ground 4 feet.

The sewer to be laid upon a uniform grade of 8-10 foot to the 100 feet. The pipe to be of the best quality vitrified, salt-glazed, trumstone pipe. In refilling, all material used on the street or sidewalk to be carefully puddled and tamped.

All work to be done according to the sewer specifications on file in the office of the city clerk, and to the satisfaction and approval of the superintendent of streets.

The Fresno Morning Republican is hereby designated as the daily newspaper, published and circulated in this city, in which this resolution of intention shall be published for two days, and the notice thereof for six days, as often as said newspaper is issued therein.

The clerk of this board is hereby directed to publish and post this resolution for two days in the manner prescribed by law.
